### **ConferMED – Nutrition Guidance through E-Consult**

ConferMED’s seamless process makes it easy for primary care providers to “Confer Before You Refer”, working with payers nationwide to ensure that patients have access to this essential service. ConferMED is the only major non-profit e-consult vendor in the market. Learn about ConferMED innovations including the DietID diet and nutrition consult process. With this, ConferMED combines patient-collected and EHR data to allow registered dietitians to provide nutrition and diet guidance customized to individual patients.

### **RubiconMD – Managing Behavioral Health Conditions**

Join RubiconMD leaders as they discuss Integrating Behavioral Health and eConsults: RubiconMD's Vision for Comprehensive care. As behavioral health concerns continue to rise during the COVID-19 pandemic, supporting primary care with the tools and resources to treat the whole patient is a top priority. RubiconMD has expanded beyond the foundational e-consults and launched new resources within the platform to support PCPs in managing behavioral health conditions.
